7	CENTRAL INTELLIGENCE AG	SENCY 25X1REPORT
	INFORMATION RE	PORT CD NO.
COUNTRY	Germany (Russian Zone)	DATE DISTR. 18 April
SUBJECT	Fishing Craft under Construction in the Russian Zone	NO. OF PAGES 2
PLACE ACQUIRED	25X1.	NO. OF ENCLS.
DATE OF I	25X1 25X1	SUPPLEMENT TO REPORT NO.
25X1	The following types of fishing craft are Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Shoon contified by the Communication Hard.	even of these craft have so far
	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. S been certified by the Germanischer Lloyd, are as follows:	even of these craft have so far Berlin. Their specifications
	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Seen certified by the Germanischer Lloyd, are as follows: a. Length 23.2 m	even of these craft have so far Berlin. Their specifications meters
	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length 23.2 m b. Beam 6 m	even of these craft have so far Berlin. Their specifications
1.	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Seen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m	even of these craft have so far Berlin. Their specifications meters
1.	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m Moulded depth 3 m	even of these craft have so far Berlin. Their specifications meters
1.	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Seen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m Moulded depth 3 m	even of these craft have so far Berlin. Their specifications eters eters eters eters 4-stroke engine
1. 4580/2.	Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m Moulded depth 7 Power 700 HP, Fishing loggers, built of steel, with the	even of these craft have so far Berlin. Their specifications meters meters meters 4-stroke engine following specifications:
1. 4580/2.	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m Moulded denth 3 n Fishing loggers, built of steel, with the a. Length 38.5 m	even of these craft have so far Berlin. Their specifications meters meters meters 4-stroke engine following specifications:
1.	Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m Moulded denth 7 Power Fishing loggers, built of steel, with the sa. Length 8 Beam 7.2 m 7.2 m	even of these craft have so far Berlin. Their specifications meters meters 4-stroke engine following specifications:
1. 4580/2.	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length 23.2 m b. Beam 6 m Moulded denth 3 m Fishing loggers, built of steel, with the a. Length 38.5 m b. Beam 7.2 m c. Moulded denth 3.3 m	even of these craft have so far Berlin. Their specifications meters meters 4-stroke engine following specifications: meters
1. 4580/2.	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length 23.2 m b. Beam 6 m Moulded denth 3 m Fishing loggers, built of steel, with the a. Length 38.5 m b. Beam 7.2 m c. Moulded denth 3.3 m	even of these craft have so far Berlin. Their specifications eters eters 4-stroke engine following specifications: eters eters 4-stroke engine too of the fishing craft construct
1. 4887/23 16 89h	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length 23.2 m b. Beam 6 m Moulded depth 3 m Fishing loggers, built of steel, with the a. Length 38.5 m c. Moulded depth 3.3 m d. Power 350 HP, Germanischer Lloyd have so far certified at Boizenburg. One is a fish cutter built	even of these craft have so far Berlin. Their specifications eters eters 4-stroke engine following specifications: eters eters 4-stroke engine two of the fishing craft construct t of wood with the following speci
1. 488.77.25 M. Adh	Soviet Zone shipyards: Fishing boats (Seiner) built of steel. Speen certified by the Germanischer Lloyd, are as follows: a. Length b. Beam 6 m Moulded depth 7 Power 8 Noulded depth 9 Noulded depth 10 And	even of these craft have so far Berlin. Their specifications eters eters 4-stroke engine following specifications: eters eters eters eters type of the fishing craft construct type of wood with the following specifications:

4. The specifications of the other fish cutter which is built of steel are as follows:

a. Length

14.1 meters

b. Beam

4.6 meters

c. Moulded depth

2.13 meters

d. Power

80 HP, 4-stroke engine

- 5. These smaller types, which have a crew of six are being constructed in ship-yards at Boizenburg, Stralsund, Rostock, and Warnerunde.
- 5. The Soviets have also been planning the construction of a larger type wooden fish cutter, 24 meters long, to be produced at the Rhode Werft, Rostock.

 No decision has yet been taken on this matter, because of the Soviet failure to obtain the necessary engines for it. Comment: Because of difficulties experienced in obtaining these engines, the DWK has approached firms in the Western Zones including the Notorenfabrik Hans Still, Hamburg, Liebigstrasse 33.)
